SKILLS

Linux

Using linux as a daily driver on desktop since 2014 as my daily drive and maintained numerous Linux servers since 2016. Lots of experience using both RHEL and Debian family of distributions.

Laravel

Using Laravel since 2017 in various projects. Using TALL stack and Inertia since 2021. And Lumen to develop micro-services.

Angular

Angular developer since 2018 mainly in combination with Ionic.

Docker

Using Docker since 2017 mainly on production servers.

WordPress

Lots of experience in child theme and plugin development since 2018.

Vue

Using Vue 2 since 2018 mainly in combination with Laravel to develop management dashboards.

Nest JS

Started learning and using NestJs in combination with MongoDB in 2023.
